

Review 2 The Vacation Game

Rules

- 1 With a partner, make a team of two.
- 2 Play against one or two other teams.
- 3 Choose a small object to use as a marker for each team. Place the markers on "START."
- 4 You will flip a coin to move your marker. Decide which side of the coin is heads and which is tails.
Heads = move one square
Tails = move two squares
- 5 Take turns flipping your coin and moving your marker around the board. Each number on the board refers to a unit number. When you land on a square, act out the conversation. Put in the missing words. If you need help, look at the unit and try again. If you land on "QUIZ!" or "CHANCE!," follow the instructions.
- 6 The first team to reach "FINISH" wins the game.

6 At the bank

Student A = clerk

Student B = customer

A: Can I ¹..... you?

B: Yes. Can I ²..... some yen into euros?

A: Certainly. How ³..... would you like to change?
