OXFORD UNIVERSITY PRESS COPYING GUIDELINES

International copyright law allows a reader to make a single copy of a part of a book for purposes of private study. Unless explicitly stated, the copying of entire books or the making of multiple copies of extracts is not permitted by law. Please refer to the copyright statement found in each publication for details on what is permitted.

In the case of audio recordings, it is permissible for a school to make one copy of an audio tape or CD, keeping the original as back-up. Only one copy may exist at any one time. A school may copy different parts of the original audio into several places, providing that no part of the original exists in more than one copy at a time. Therefore, if a school wishes to make three copies of even one part of an audio, it must possess three originals.

No copying, single or multiple, of software, video or DVD is permitted.

It is illegal to make copies of our programs. You may not copy disks of our software programs other than to make one copy for back-up purposes. Oxford University Press Japan would like to thank you for your commitment to upholding copyright. Please contact us if we can help you with advice.
