

2020年5月25日に米ミネソタ州ミネアポリスでジョージ・フロイドさんが警察によって拘束死させられた事件をめぐり、全米各地で抗議行動が拡大しています。ソーシャル・メディアをはじめ、私たちの身のまわりにおいても差別や格差の問題について意見が交わされており、メディアは絶え間なくこの問題に関する報道を続けています。この重要な議論を充実させる上で必備の文献を、政治、歴史、哲学など、さまざまな角度から見渡し、ご紹介します。

1. ***American While Black: African Americans, Immigration, and the Limits of Citizenship*** (2019)

by Niambi Michele Carter | HB: 9780190053550 (13,860 yen + tax) | PB: 9780190053543 (3,910 yen + tax)

Carter argues that immigration, both historically and in the contemporary moment, has served as a reminder of the limited inclusion of African Americans in the body politic. As Carter contends, immigration provides a way to understand the nature and meaning of black American citizenship—specifically the way that white supremacy structures and constrains not only African Americans' place in the American political landscape, but the black community's political opinions as well.

Winner of the National Association of Black Political Scientists W.E.B. Du Bois

2. ***The Making of Black Lives Matter: A Brief History of an Idea*** (2017)

by Christopher J. Lebron | HB: 9780190601348 (3,910 yen + tax) | PB: 9780190910754 (2,790 yen + tax)

Started in the wake of George Zimmerman's 2013 acquittal in the death of Trayvon Martin, the #BlackLivesMatter movement has become a powerful campaign to demand redress for law enforcement injustices against the African American community in the United States. Drawing on the work of revolutionary black public intellectuals, Lebron clarifies what it means to assert that "Black Lives Matter" when faced with contemporary instances of anti-black law enforcement.

3. ***Situational Breakdowns: Understanding Protest Violence and other Surprising Outcomes*** (2019)

by Anne Nassauer | HB: 9780190922061 (5,590 yen + tax)

Nassauer demonstrates that when routines break down, surprising outcomes often emerge. Focusing on detailed accounts of peaceful and violent protests from the 1960s until 2010, violent uprisings such as Ferguson 2014, and armed store robberies caught on camera, Nassauer argues we can understand how and why routine interactions break down by looking at how situations develop systematically.

Winner of the 2020 Charles Horton Cooley Book Award, Society for the Study of Symbolic Interaction

4. ***Bearing Witness While Black: African Americans, Smartphones, and the New Protest #Journalism*** (2020) **NEW**

by Alissa V. Richardson | HB: 9780190935528 (3,910 yen + tax) | PB: 9780190935535 (2,790 yen + tax)

This book reveals how the perfect storm of smartphones, social media, and social justice empowered Black activists to create their own news outlets, which continued a centuries-long, African American tradition of using the news to challenge racism. Bearing Witness While Black is the first book of its kind to identify three overlapping eras of domestic terror against African American people—slavery, lynching, and police brutality—and explain how storytellers documented such atrocities through journalism.

5. ***Steeped in the Blood of Racism: Black Power, Law and Order, and the 1970 Shootings at Jackson State College*** (2020) **NEW**

by Nancy K. Bristow | HB: 9780190215378 (4,890 yen + tax)

Minutes after midnight on 15 May 1970, white members of the Jackson city police and the Mississippi Highway Patrol opened fire on young people in front of a women's dormitory at Jackson State College, a historically black college. Just ten days after the killings at Kent State, the attack at Jackson State never garnered the same level of national attention. In the aftermath, the victims and their survivors struggled unsuccessfully to find justice. The shootings were soon largely forgotten except among the local African American community. This book reclaims this story and situates it in the broader history of the struggle for African American freedom in the civil rights and black power eras.

6. ***Black Software: The Internet & Racial Justice, from the AfroNet to Black Lives Matter*** (2019)

by Charlton D. McIlwain | HB: 9780190863845 (3,490 yen + tax)

Activists, pundits, politicians, and the press frequently proclaim today's digitally mediated racial justice activism the new civil rights movement. In Black Software, McIlwain shows how the story of racial justice movement organizing online is much longer and more varied. Chronicling the long relationship between African Americans, computing technology, and the Internet from the 1960s to present, the book examines how computing technology has been used to neutralize the threat that black people pose to the existing racial order, but also how black people seized these new computing tools to build community, wealth, and wage a war for racial justice.

7. ***Sick from Freedom: African-American Illness and Suffering during the Civil War and Reconstruction*** (2012)

by Jim Downs | HB: 9780199758722 (5,170 yen + tax) | PB: 9780190218263 (3,770 yen + tax)

Downs recovers the untold story of one of the bitterest ironies in American history—that the emancipation of the slaves had devastating consequences for innumerable freed people. Slaves who fled from bondage during and after the Civil War did not expect that their flight toward freedom would lead to sickness, disease, suffering, and death. But the war produced the largest biological crisis of the nineteenth century, with deadly consequences for hundreds of thousands of freed people.

8. ***A Duty to Resist: When Disobedience Should Be Uncivil*** (2018)

by **Candice Delmas** | HB: 9780190872199 (4,190 yen + tax) | PB: 9780197531310 (3,490 yen + tax)

Advocates from Henry David Thoreau and Mohandas Gandhi to the Black Lives Matter activists have recognized that there are times when, rather than having a duty to obey the law, citizens have a duty to disobey it. There are limits: principle alone does not justify law breaking. But Delmas argues that uncivil disobedience can sometimes be not only permissible but required in the effort to resist injustice.

9. ***Until There Is Justice: The Life of Anna Arnold Hedgeman*** (2016)

by **Jennifer Scanlon** | HB: 9780190248598 (5,170 yen + tax) | PB: 9780190050412 (3,490 yen + tax)

Scanlon presents the first-ever biography of Hedgeman, a demanding feminist, devout Christian, and savvy grassroots civil rights organizer. Anna Arnold Hedgeman played a key role in over half a century of social justice initiatives. Hedgeman ought to be a household name, but until now has received only a fraction of the attention of activists like A. Philip Randolph, Betty Friedan, and Martin Luther King, Jr.

10. ***Most of 14th Street Is Gone: The Washington, DC Riots of 1968*** (2019)

by **J. Samuel Walker** | HB: 9780190844790 (3,490 yen + tax)

Walker's book takes an in-depth look at the causes and consequences of the Washington, DC, riots of 1968. It shows that the conditions that existed in the city's low-income neighborhoods helped generate the problems that erupted after Martin Luther King's murder. The book also discusses the growing fears produced by the outbreaks of serious riots in many cities during the mid-1960s. Walker analyzes the reasons for the riots and the lessons that authorities drew from them. He also provides an overview of the struggle that the city faced in recovering from the effects of the 1968 disorders.

Winner of the 2019 Individual Member Award, awarded by the Society for the History in the Federal Government

11. ***The Color of America Has Changed: How Racial Diversity Shaped Civil Rights Reform in California, 1941-1978*** (2010)

by **Mark Brilliant** | HB: 9780195160505 (6,290 yen + tax) | PB: 9780199927593 (4,610 yen + tax)

Brilliant examines California's history to illustrate how the civil rights era was a nationwide and multiracial phenomenon—one that was shaped and complicated by the presence of not only blacks and whites, but also Mexican Americans, Japanese Americans, and Chinese Americans, among others. The Golden State's status as a civil rights vanguard for the nation is due in part to the numerous civil rights precedents set there and to the disparate challenges of civil rights reform in multiracial places.

12. ***Freedom Riders: 1961 and the Struggle for Racial Justice*** (2006)

by **Raymond Arsenault** | PB: 9780195327144 (3,070 yen + tax)

They were black and white, young and old, men and women. In the spring and summer of 1961, they put their lives on the line, riding buses through the American South to challenge segregation in interstate transport. Their story is one of the most celebrated episodes of the civil rights movement, yet a full-length history has never been written until now. In these pages, acclaimed historian Raymond Arsenault provides an account of six pivotal months that jolted the consciousness of America.

Some relevant historical basis and perspectives from the VERY SHORT INTRODUCTIONS

Racism: A Very Short Introduction, 2nd edition (2020)

by **Ali Rattansi** | PB: 9780198834793 (1,480 yen + tax)

Rattansi explores the history of racism and illuminates contemporary issues in this controversial subject, from intersectionality to cultural racism, to the debate over whiteness.

Empire: A Very Short Introduction (2002)

by **Stephen Howe** | PB: 9780192802231 (1,480 yen + tax)

Although the great historic imperial systems have collapsed during the past, their legacies shape almost every aspect of life on a global scale. What has replaced the old territorial empires in world politics?

Colonial America: A Very Short Introduction (2012)

by **Alan Taylor** | PB: 9780199766239 (1,480 yen + tax)

Taylor focuses on the transatlantic and a transcontinental perspective, examining the interplay of Europe, Africa, and the Americas through the flows of goods, people, plants, animals, capital, and ideas.

Nationalism: A Very Short Introduction (2005)

by **Steven Grosby** | PB: 9780192840981 (1,480 yen + tax)

What is the nation? Why is it so important to human beings? What is its relation to religion and commerce? Grosby shows how closely linked the concept of nationalism is with being human.

Also Available - WINNER OF THE 2020 PULITZER PRIZE IN HISTORY

Sweet Taste of Liberty: A True Story of Slavery and Restitution in America (2019)

by **W. Caleb McDaniel** | HB: 9780190846992 (3,910 yen + tax)

- The epic, unique, and haunting story of an enslaved woman and her quest for justice
- Incorporates recent scholarship on slavery, reparations, and the ongoing connection between slavery and incarceration of black Americans
- McDaniel was recommended by Ta-Nehisi Coates for the fellowship that enabled him to write this book

The extraordinary life of Henrietta Wood—a formerly enslaved woman sold back into slavery, eventually freed again, and who then sued the man who had sold her back into bondage, and won.
